**Last updated: June 15, 2005**

This is part of an ongoing project to identify clinical teachers in any country who serve as consultants on legal education or who teach in any capacity in countries other than their own (including their own schools' semester abroad or foreign summer programs). This document lists all clinical law teachers who have reported to us their teaching or consulting activities in other countries.

If you have consulted or taught in other countries, or have confirmed plans to do so, please click here to complete the survey form. The form can be read and completed using Adobe Acrobat Reader; if you do not have the Reader, you can download it from [www.adobe.com/products/acrobat/readstep2.html](http://www.adobe.com/products/acrobat/readstep2.html)
